BESANT IS DEAD

The Well Known Novelist Died Yesterday at His Home at Hempstead.

MRS. M'KINLEY IMPROVING

Southbound L. & N. Train Wrecked Near Elizabethtown today and Eight Trainmen Injured.

CORBIN'S POLICE CHIEF IS DEAD

BESANT IS DEAD. London, June 10.—Sir Walter Besant, the novelist, died at his home in Hempstead yesterday.

POLICE CHIEF DIES. Corbin, Ky., June 10.—Police Chief Wilder, who was mortally wounded by Andy Cox, the latter being killed by Wilder later, died today. Cox killed Deputy Sheriff Bertram, and was resisting arrest.

A MURDER MYSTERY. Lowell, Mass., June 10.—The headless body of an elegantly dressed woman was today found near Chelm's Ford Center. There is no clue to the identity of the woman, the whereabouts of the head or who committed the foul crime.

EIGHT INJURED. Elizabethtown, Ky., June 10.—The south bound passenger train No. 3, on the L. & N., collided with the hill engine at Muldraugh's hill this morning wrecking the postal and express cars and injuring eight trainmen but none fatally.

IS GRADUALLY IMPROVING. Washington, June 10.—The physicians report today that Mrs. McKinley is gradually improving and the case is very hopeful.

FITZGUGH LEE, JR., WOUNDED. Manila, June 10.—In a battle with the insurgents at Lipa, province of Batangas, Lieut. Anton Springer of the Twenty-first infantry was killed and Captain W. H. Wilhelm of the same regiment, Lieut. Fitzgugh Lee, Jr., and five enlisted men were wounded. Lieut. Charles Ramsey of the Twenty-first infantry, was also wounded at Lipa.

MINISTERS OF CITY MEET. The Ministerial Association met this morning and after the routine business, a resolution was introduced, the substance of which was the statement that the ministers of Paducah are and have always been a unit on all matters that have come up before the association. There seems to have become public the impression that the ministers were not a unit on some questions regarding the moral and social condition of Paducah which is a mistake. The following resolution was unanimously adopted: Resolved, That we, the Ministerial Association of Paducah, feel deeply grieved, anxious, and alarmed at the known moral condition of the society of our city and earnestly beg the co-operation of the Christian and true people of our city in breaking up this condition.

Misses Clara Thompson and Gertrude Asher left for Evansville today at noon on a visit to friends and relatives.

Mr. C. J. Abbott of the American Express Co., went to Henderson today at noon on business.

Mr. W. B. Bondurant and wife went to Louisville today at noon on a brief visit to friends and relatives.

All the news is in The Sun.

MEMORIAL EXERCISES.

QUITE A LARGE CROWD AT OAK GROVE YESTERDAY AFTERNOON.

Quite a large crowd attended the K. of P. memorial exercises at Oak Grove cemetery yesterday afternoon. The services were held at 2:30 o'clock and were to decorate the graves of Messrs. E. B. Jones, Joe Bryant and Gus Clark, deceased members of the Paducah lodge. Dean's band led the procession from Fifth and Broadway to the cemetery.

Addresses were made by Rev. J. C. Reid, of the Cumberland Presbyterian church and Hon. R. T. Lightfoot. Music was furnished by Mrs. S. H. Winstead, with a choir composed of Misses Emma Peet and Julia Scott, sopranos; Mrs. P. H. Stewart and Mrs. Sam Hubbard, altos; John U. Robinson and Robert Chastine, tenors; Wm. Green and Wm. Clarke, bass.

CHANGES IN TRAINS.

A NEW SCHEDULE BEING PREPARED ON THE N. C. & ST. L.

A new schedule is being prepared on the N. C. & St. L., according to reports, and will go into effect in a week or two. The only change affecting local trains will be that the train from Memphis, now arriving at 8:30 p. m. will get in about 5 p. m., three hours earlier.

INSTITUTE ENDS.

TOMORROW AN IMPORTANT MEETING BEGINS AT MURRAY, Ky.

The state institute of the Baptist church ends tonight when a large crowd will no doubt be here. Tomorrow morning at 10 o'clock at Murray the Ministerial Association of the state meets and there are expected 100 or more delegates. This lasts two days and the general association meets there for a two days' session, beginning Thursday morning. At the meetings the educational and missionary questions are considered.

RAILROAD NEWS.

Preston O. Rudy, of Evansville, has filed a suit for \$10,000 at Evansville against the Illinois Central. He alleges that he was riding from Paducah to Memphis when there was a wreck on the road in which he was injured.

Safe blowers got in their work at Corydon, Ky., Saturday night and blew open the Illinois Central safe and secured some tickets and a small amount of money. They are supposed to have been hoboes.

Mr. James F. Brown, of Joppe, Ill., was in the city today on C. & E. I. business.

Flagman W. T. McDargel, of the I. C., was driving in from a fish fry on the Benton road Saturday when the horse became unruly and ran away. He was thrown out of the buggy and his back painfully wrenched. The injury is not considered of a serious nature.

The dome of the engine pulling the fast train south-bound from Louisville to Memphis was blown off Saturday evening near Hickory Grove and an engine pulling a freight train was substituted. There was some delay, but no one was injured by the accident.

THE CITY COUNCIL

Mayor Lang Calls a Meeting for This Evening at the City Hall.

BOILER INSPECTOR WANTED

A Petition Will Be Filed Asking for the Creation of the New Office at the Meeting Tonight.

STREET IMPROVEMENT ORDINANCES

TO CREATE NEW OFFICE. A petition signed by twenty or more engineers of Paducah has been filed with Mayor Lang, and tonight will be presented to the council at the called meeting. It requests the council to create the office of Boiler Inspector for Paducah, whose duties shall be to inspect all engine boilers at various factories, etc., and who shall be a licensed engineer. It is not known what disposition the council will make of it.

STREET IMPROVEMENTS.

There will be several ordinances for street improvements. One will be for the grading and graveling of Clay street from Thirtieth to Fountain avenue and another for grading and graveling Sixteenth street from Broadway to Jefferson.

There will also be an ordinance to improve with sidewalks, Clark street from Seventh and Ninth, and one will be asked to take the proper steps to open Clark street from Ninth to Tenth, which is now prevented by the railroad company's owning 40 feet of the property. The city will either go ahead and open the street and settle with the railroad company afterward, or simply condemn it. As the railroad has several times signified a willingness to sell the property, it is not thought there will be any objection to the city's going ahead with the streetwork and settling with the company when representatives of the city and railroad can get together and settle on a price.

SEWER MUST BE DRAINED.

Some steps will be taken to have the collars at Second and Broadway, which are almost constantly filled with water, drained. They have been a menace to the health of the locality for some time, according to the board of health, and it seems no practical method can be found to successfully drain them. The council will consider the matter tonight.

WEST END DRAINED.

It is probable that Street Inspector Utterback will be able to report the completion of the drainage from Oak Grove and West Trimble street into Perkins creek, which will probably be finished this evening. Twenty-four inch pipe has been used, and the total cost to the city was about \$700.

LAST OF THE SEWERGAE.

Tonight the last of the money due Linn White will be allowed by the council. White was the sewerage contractor who abandoned the contract, and a judgement was recently rendered in favor of Mrs. H. L. Whitesides for \$4,200 in the circuit court here, and there is \$790 in the hands of the city with which to pay it. This will be allowed by the council tonight.

THE WEATHER.

Fair and warmer tonight, Tuesday fair.

Supervisors W. C. Waggoner and P. Galvin were in the city today on business. They left for the Louisville division today at noon.

NOTHING LIKE IT.

PADUCAH GETS A THOUSAND DOLLARS WORTH OF ADVERTISING A DAY.

Mr. L. A. Lagomarsino returned yesterday morning from West Baden, Ind., where he had been for two weeks. He is greatly improved in health, and had a pleasant vacation. On his way back he stopped over in New Albany, Ind., where the K. of P. lodge is having a carnival and street fair. Mr. Gaskell, of the Canton Carnival company, who was here at the carnival, has his attractions there, and gave Mr. Lagomarsino a complimentary ticket for life to all his shows.

Mr. Lagomarsino met Mr. Conley, the general manager who made so many friends in Paducah, and everybody from the donkey men to the "girl with the auburn hair" asked about Paducah.

Mr. Lagomarsino says that Paducah gets a thousand dollars worth of advertising a day as a result of her carnival. Mr. Gaskell says there is no town like Paducah. He has found none during the entire reason that was as enthusiastic and he never misses an opportunity to tell people of it wherever he goes. Mr. Lagomarsino met people everywhere who had heard of our carnival, and Paducah is getting much benefit out of it. Mr. Joe Blum, of the city, is with the Carnival company, having charge of the German villages.

POLICE COURT.

THE CHARGE AGAINST BEN BEYER AND MRS. FREEMAN

Dismissed—Evidence Heard in the Ozmont Case and It Was Left Open Until Tomorrow.

The case against Ernest Ozmont, charged with detaining Delia Carroll against her will was partially heard this morning in the police court and left open until tomorrow.

The case against Enoch McCarty, one of the negroes charged with stealing \$6 from another negro, was continued. McCarty is charged with robbery.

A breach of the peace case against Robert Caldwell was dismissed.

Zona Moore, for disorderly conduct, was fined \$5 and costs.

Morton Johnson was fined \$1 and costs for disorderly conduct and Lee Johnson for a plain drunk.

A NEW TELEPHONE LINE.

THE ONE UP THE ILLINOIS CENTRAL WILL BE BEGUN SOON.

Manager A. L. Joyner, of the Cumberland Telephone company, went to Fancy Farm, Graves county, this morning to pay off the linemen who are at work on the new line from Pottsville to Dublin. This line will be completed in about one week, and the men will then start the new line from Paducah up the Illinois Central to Edgelyville, Kuttawa, Princeton and other places. Manager Joyner will also inspect the new line in Ballard, from Hazelwood to Oscar.

MARSHAL OAKES.

HE IS GRADUALLY IMPROVING—BELIEVED TO BE OUT OF DANGER.

Marshal "Dumpy" Oakes is reported much better. He wanted to put on his clothes, get up and go out on the streets today, but his physicians would not consent. He is now considered out of danger, but will not be out again for some time. Although he is steadily improving, he is subject to a relapse at any moment and his doctors still hold him under strict orders.

Captain J. P. Buckley, formerly with the I. C., arrived from Evansville this morning on a short visit to friends.

"What is a desert?" asked the primary grade teacher. "Sometimes pudding" an' sometimes ice cream," answered the knowing youth.—Times-Democrat.

The Powers Seem to Favor a Loan in the Chinese Indemnity Claims—Dr. Daley Suicides.

FIVE ARE KILLED IN A TRAIN WRECK

CUBANS BECOME RECONCILED. Havana, June 10.—It is given out on good authority that the constitutional convention will adopt unconditionally the Platt amendment. The delegates seem to have undergone a decided change and with the strong pressure that has been brought to bear, the radicals seem disposed to accept the inevitable preferring most any kind of independence to a continued military occupation of the island. The convention meets today in secret session, but a vote is not expected for several days.

LOAN POLICY FAVORED.

Washington, June 10.—It is now said that the owners that favor a loan for China are Russia, Japan, France, Germany, Italy and Austria. Japan is the latest to join the other powers. The proposal to issue bonds, favored by the United States and England, seems to be out of favor as a means of settling the indemnity debt. As the suggestion to reduce all claims one-half has been rejected, this government will insist on her full claim of \$25,000.

DR. DALY SUICIDES.

Pittsburg, June 10.—Major W. H. Daly, surgeon-general on the staff of General Miles, in Porto Rico, suicided here yesterday by shooting himself in the right temple in his bath room. He was found in a pool of his own blood by the housekeeper. He was 59 years old and leaves no family. It is supposed that insomnia drove him to the deed. He is the surgeon who started the embalmed beef investigation.

FIVE KILLED IN A WRECK.

Binghamton, N. Y., June 10.—Five men were killed in the wreck at Vestal, on the Delaware, Lackawanna and Western railroad, in a rear end collision and seven were injured. The dead are:

JOHN P. KELLY, head brakeman. S. R. POLHEMUS, conductor. ELMER POLHEMUS, trainman. JOHN COULTER, fireman. FRED WITHERBY, fireman. Seven others, all but two of them trainmen.

DIED IN INDIANA.

DR. C. E. WHITESIDES NOTIFIED OF HIS COUSIN'S DEATH.

Dr. C. E. Whitesides this morning received news of the death last night at Franklin, Ind., of his cousin, Mr. Ebb Whitesides, from diabetes. The young man was a brother to Mr. L. Byron Whitesides, the well known collar and cuff drummer, who is often in Paducah.

The bankruptcy reports show that there is the average number of petitions filed every month. For the six months ending March 31 there were 9,816, compared to 8,000 the preceding six months and 12,120 the six months before that. The report says that the law has come to be looked upon as one of the most beneficial that has been passed in many years, especially to the business world.

NO DEAL.

IT IS PROBABLE THAT MR. T. G. LEECH WILL DECLINE TO SELL.

It is probable that Paducah Lodge of Elks will not succeed in purchasing the Leech building on North Fourth street, which its committee has been empowered to purchase. It has an option for thirty days, but it is said that Mrs. Leech will decline to sign the deed, which will render the option void. Mr. Leech stated to a reporter that Mrs. Leech said before she left for her visit to Canada that she would not sign the deed, not desiring to sell, and stated further that he himself had about gotten out of the notion to sell.

THE CAUCUS.

NOTHING HAS YET BEEN SAID ABOUT ONE TO NOMINATE TEACHERS.

The board of Education meets the 24th of this month to elect the teachers for the public schools for the next term, and will probably in accordance with its usual custom hold a caucus in advance. Nothing has yet been arranged for the caucus, however, and it is not known when it will take place.

YESTERDAY'S BASEBALL.

The L. A. L. and Jackson street baseball clubs met in a match game in Rowlandtown yesterday afternoon. The former was the victor by a score of 23 to 15 which makes two games in succession the L. A. L. club has won. The game stood five to nothing in favor of the Jackson street club at the end of the second inning but a series of errors on the part of the defeated team soon changed the standing with the above result.

FIRST BLOOD

Dr. Cosby's Attorney Makes a Motion in County Court.

JUDGE TULLY SUSTAINS IT

Executor Greer is Ordered to Give Bond Within Ten Days of the Ruling—Other Motion Overruled.

FINAL SETTLEMENT IN CIRCUIT COURT

Dr. L. C. Cosby, of Cynthiana, Ind., who recently renounced the will of his wife, the late Mrs. Jane A. Cosby, giving him \$5, made a motion in the county court this morning to compel W. D. Greer, executor, to give bond and also moved the court to restrain W. D. Greer, as executor, from "taking possession of, or disposing of any part of any personal property of the said Jane A. Cosby or more particularly of taking possession of or making any disposition of the estate of which Dr. Cosby claims a share under the provisions of the law."

Attorney Fowler and Lightfoot are Dr. Cosby's attorneys and W. M. Reed attorney for the defense.

The court, after a lively argument, sustained the motion of the plaintiff as to the bond, ruling that the executor give bond within ten days; the other motion was overruled, the prop-

or disposition of the estate being covered by the bond.

Attorney Greer, the executor, has already filed suit in the circuit court to have the will construed, and Mr. Cosby will come into court, make himself a party to the suit and claim his share of the estate. The case is attracting no little attention in legal circles and will be fought hard by both sides.

The estate consists of about \$25,000 in cash and bank stock, and considerable real estate.

COURT AT BENTON.

JUDGE HUSBANDS AND COMMONWEALTH'S ATTORNEY BRADSHAW LEAVE FOR MARSHALL.

Judge L. D. Husbands, Commonwealth's Attorney W. F. Bradshaw and Attorney W. M. Reed left today for Benton, where circuit court began. The business of the court was taken up today in emancipating the grand jury.

The principal cases to come up for trial are against one of the Greer's for murder and Lee Walter's for false swearing.

TO STURGIS.

REV. I. H. TEEL LEFT AT NOON FOR HIS NEW HOME.

Rev. I. H. Teel and family left at noon today for Sturgis, Ky., to reside. Rev. Teel recently resigned here to accept the pastorate of the Christian church there. He had for the last year been pastor of the Tenth-street Christian church here and leaves many friends in Paducah.

A DAILY THOUGHT.

To covet nothing that is your neighbor's except his kindness of heart and gentleness of manners.

The man who would rather be right than president is discounted by the Owensboro man who would rather be a policeman than half owner in a gold mine.

The good roads train is going to visit several Kentucky cities, and should pay a visit to this section. It will be at both Owensboro and Hopkinsville, and if the proper spirit of enterprise is shown, may come to Paducah.

Another effort is to be made to submit the present issues in the Chinese trouble to arbitration. Mr. Rockhill has been authorized by this government to appeal to the powers to refer the indemnity claims to the Hague tribunal for adjustment.

The sportsmen of McLean county have been troubled a great deal in the past, it seems, from the theft of bird dogs, and have at last decided to break it up, as the McCracken county hunters have. A fine dog valued at \$50 and registered and taxed to that amount, was stolen by a boy and the judge reduced the charge from grand larceny to petty larceny and the boy was given one month in jail. The judge who reduced the offense when the evidence was very clear that the dog was personal property and worth \$50 has been severely censured by the sportsmen for his action, but the conviction of the boy will no doubt have a dampening effect on the class of people who have been in the habit of stealing dogs.

The people of Great Britain are becoming alarmed at events in South Africa. They are being convinced that even with practically unlimited resources war is not always easy for the power with all of the advantages, and are being won over to a policy of conciliation. As England learned a lesson or two in her troubles with the United States this late change of heart is not so remarkable as might be supposed. While she can easily whip the Boers owing to her superiority in numbers and her unlimited wealth, the Boers are most too wily for the stubborn Britons. England is rapidly learning that her South African enemies must be caught before they can be whipped.

The rapid growth of this country is evidenced by the census report just out, which shows that there are now 10,609 incorporated cities as compared with 7,818 in 1890, an increase in ten years of 3,024. There are 38 cities containing more than 100,000 people and five cities with a population between 50,000 and 100,000, as compared with none in 1890, and three containing between 500,000 and 1,000,000 as against only one in 1890. Of the total number of places in the list, almost one-half or 4,318, contain fewer than 500 people, while there are 2,501 places of between 500 and 1,000.

Of the states, Illinois leads, with 930 incorporated towns, and Pennsylvania comes next with 833. New York has 438 such places. There are no incorporated municipalities in Alaska. The incorporated places contain in the aggregate 35,849,516 inhabitants as compared with a total of 26,079,828 persons living in incorporated places in 1890. The combined population in the incorporated towns and cities constituting 47 per cent of the population of the entire country as against 41 per cent in the towns in 1890.

In the state of New York which takes the lead in this respect, 77 per cent of the people live in the cities and towns as against 69 per cent in 1890. In six other states, namely, Massachusetts, Illinois, Rhode Island, Pennsylvania, Colorado and Connecticut, more than two-thirds of the people live in the incorporated places. Mississippi has the smallest percentage of its people living in the towns, the percentage being 15.

THE RIVER NEWS.

River falling here fast with 20.7 on the gauge this morning. Weather beautiful and business down on the wharf very lively.

The Dick Fowler left here yesterday morning for Golconda at 8:50 with 250 excursionists, about 75 of them were from Metropolis. Had the weather not been so cool there would have been between three and four hundred people on the trip. Boat arrived here on return trip at 6:30 p. m.

The H. W. Buttorff arrived from Nashville yesterday afternoon with a big trip of freight and people. She discharged 50 hogheads of tobacco and a lot of other freight here and at Brookport and departed for Clarksville at noon.

The Dick Fowler cleared for Cairo at 8:30 this morning full of business. The Tom Reese No. 2 that brought down a big tow of railroad iron last Saturday passed back up the Ohio for Pittsburg yesterday morning.

The T. H. Davis with two million feet of lumber passed up this morning for Cincinnati.

The City of Memphis failed to leave St. Louis last Saturday as advertised in the St. Louis papers, but left there today for Tennessee river.

The Sunshine left Cincinnati last Saturday for Memphis, is due here tomorrow night.

What has become of the Bessie Smith. She has been over time two days on her Chattanooga trip.

The Clyde is due tonight from Tennessee river.

The City of Golconda is due this afternoon from Elizabethtown and Golconda, leaves on return trip tomorrow noon.

Supt. Taylor of the dry docks says the Kenton will be let off next Wednesday in fair repair and he has a big lot contracted for. The Reese Pritchard from the lower Mississippi is coming here to go on the docks and he also has a big lot of barge repair work to do.

The Joe Fowler departed for Evansville at 10 o'clock this morning with a fine paying trip.

TODAY IN HISTORY.

Today is the anniversary of the birth in 1673 of Peter I. He founded St. Petersburg and made it capital of Russia instead of Moscow. By his energy and enterprise he lifted Russia from semi-barbarism and was really the founder of the empire. Today is dedicated in the Catholic church to St. Barnabas. He is said to have been one of those who, having possessions, sold them and laid the price at the feet of the apostles. He for some time labored with St. Paul, and finally was stoned to death by his enemies. Under the old style calendar this was the longest day, hence the saying: "Barnaby bright, Barnaby bright, Longest day and shortest night."

SHIPPED TO SMITHLAND.

The remains of Sam McClure, colored, head waiter at the New Richmond, who dropped dead at the hotel Sunday morning, were taken to Smithland today for burial. The coroner's inquest developed the fact that he died from heart disease. He leaves a wife in Smithland, and had not long been a resident of Paducah.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Observations

...at Random

The clerk at one of the local hotels was surprised several days ago by a very difficult feat performed by a drummer.

The hotel register was lying on the counter with the face towards the inside of the office. A drummer stepped up and seizing a pen rapidly wrote his name, spun the register around and after a hasty inspection of his script started to go. The clerk did not see the name it was written so quickly and asked the drummer to please write the name plainly.

"What plainer do you want than that?" was the reply to the clerk's request. With those words he turned the register to the clerk who was so overcome with surprise that he could hardly speak. The drummer had written his name on the register up side down and the writing was as regular as the script in the copy books used in the schools. It was afterwards learned that the writer was famous for such work and had taken the prize at the world's fair for the best "upside down" writer in the country.

A Paducah drummer walked into a hotel in a small town and registered for dinner the other day. When the meal was finished he was asked if he wished any desert. "If you please," he said.

"We have got three kinds of pie today," was the maid's reply, "open top, cross bar and kivered." He afterwards learned that the pies were all the same kind but served in different forms.

Prof. John Dean received many compliments on his band's playing during the carnival. The show people said that it was the only band they had ever had who could play the music right and that it had given satisfaction in every respect. When people who have been on the road all their life and who are in a position to speak with some authority on the subject say such things about a band then the citizens can well be proud of their musical talent.

A. O. Blanchard, West Bangor, N. Y., says: "I have been troubled with kidney disease for the last five years. Have doctored with several physicians and I got no relief until I used two bottles of FOLEY'S KIDNEY CURE."

IMPORTANT TAX NOTICE.

Notice is hereby given taxpayers that city taxes are due, and that unless one-half of same are paid on or before July 1, 1901, a penalty of five per cent will be added to such amounts. This includes taxes on franchises and on national and state banks.

I will be in my office at the city hall from 8 o'clock a. m. until 4 o'clock p. m. during week days, and on each Saturday night from 6 o'clock until 8 o'clock. Very respectfully, WM. KRAUS, City Tax Collector. 3315

MANY WARRANTS ISSUED.

As a result of the shooting at a school entertainment near Palmersville, Tenn., a week ago, warrants have been issued against Floyd and Jesse Stevenson and Joe Matheny, and they were taken to Dresden and released on \$25,000 bonds. All the ladies who were shot are reported doing well.

Ira D. Reckard, Duncombe, Ia., writes: "My little boy scalded his leg from the knee to the ankle. I used BANNER SALVE immediately and in three weeks' time it was almost entirely healed. I want to recommend it to every family and advise them to keep Banner Salve on hand, as it is a sure remedy for scalds or any sores."

THE SCHOOLS.

SUPERINTENDENT HATFIELD IS TODAY BUSY SIGNING HONORARY CERTIFICATES.

Superintendent Hatfield, of the public schools, is busy today making out honorary certificates and sending out the promotion and demotion cards.

There will be about 3,750 promotions this year which is a large increase over the previous years, and shows the increasing interest taken in school work.

There are also more pupils who have not been absent or tardy this year than in the past several years. Fifty per cent of the pupils in Miss Morgan's room, the Eighth grade, Franklin building, have not been tardy or absent once during the past year.

There is a remarkable increase especially for that part of the city. There are 77 pupils out of the Lincoln building, colored, who are also perfect as to attendance and tardiness this year.

There are more pupils perfect in this respect in one room of the building than have heretofore been in the whole building.

In accordance with the above there will be a greater supply of honorary certificates used and the superintendent is busy signing them up today.

This has been the best year for the schools for many years past and more satisfaction is experienced over the success.

BIG FOX CHASE.

CRAB ORCHARD WILL BE VISITED BY MANY SPORTSMEN.

Col. H. H. Hobson will probably be one of the principal hunters in a big fox hunt now being arranged for next fall at Crab Orchard.

Gen. W. H. Gentry, of Lexington, who has the matter in charge, is receiving many communications. It is to be known as the Beadles hunt and quite a number of enthusiastic hunters from Canada have signified their intention of joining the chase, which is to be held jointly with the fox hound hunt, and it is the opinion that fully 600 people will be present.

Gen. Gentry will invite many notable to attend, among them being President McKinley, Gov. Beckham, Senator Blackburn and others. This promises to be the greatest gathering ever held in Kentucky.

The National Association of Fox Hunters will have their next hunt at Estelle Springs on November 19.

THE SCHOOLS.

SUPERINTENDENT HATFIELD IS TODAY BUSY SIGNING HONORARY CERTIFICATES.

Superintendent Hatfield, of the public schools, is busy today making out honorary certificates and sending out the promotion and demotion cards.

There will be about 2,750 promotions this year which is a large increase over the previous years, and shows the increasing interest taken in school work.

There are also more pupils who have not been absent or tardy this year than in the past several years. Fifty per cent. of the pupils in Miss Morgan's room, the Eighth grade, Franklin building, have not been tardy or absent once during the past year.

There is a remarkable increase especially for that part of the city. There are 77 pupils out of the Lincoln building, colored, who are also perfect as to attendance and tardiness this year.

There are more pupils perfect in this respect in one room of the building than have heretofore been in the whole building.

In accordance with the above there will be a greater supply of honorary certificates used and the superintendent is busy signing them up today.

This has been the best year for the schools for many years past and more satisfaction is experienced over the success.

There were several meetings yesterday that caused a decrease in the attendance but with all considerations the attendance was good.

Secretary Escott made an illustrated talk to the boys which was well attended.

DR. BRIGGS' SERMON.

RESUME OF THE ELOQUENT DISCOURSE AT BROADWAY YESTERDAY MORNING.

Between three to four hundred people were at the Broadway Methodist church on Sunday morning to hear the eloquent pastor on "The Crusade Against Paducah Society." If any came, however, expecting the sensational, they were disappointed for Dr. Briggs is not given to that, but is always cool, conservative, forcible, logical.

The following is a very closely condensed report of the sermon:

"Abide ye here with the ass; and I and the lad will go yonder and worship.—Gen. xxiii-5.

While Abraham climbed Moriah his servants remained behind. They had no choice. But some men choose to remain. They have no answer to the call of prayer. While others climb the hills of worship they tarry with the ass below. The ass cannot worship for him there are no hills of God, no "bright sheets of Everlastingness." But why place ourselves on the level with the ass?

The speaker then proceeded to say that the picture was symbolic and would cast light upon an immediate problem. He had been asked by a representative citizen what he thought of the "Crusade Upon Paducah Society."

The question deserved a frank answer. He knew of no crusade upon society; though several pastors have been speaking earnestly against what seemed to them certain evils that threatened the best interests of society. To be frank, these gentlemen were speaking of selfishness and worldliness, malice and uncharitableness, and even drink and worse.

The pastor could not be a reformer. The Christian citizen with the law for a weapon should save society from the vicious; the Christian pastor with the gospel for a weapon should save the vicious. Yet nothing threatened society more than time-serving pastors.

The Scriptures denounce them as dumb dogs that cannot bark, clouds without rain, wandering stars hastening to the blackness of darkness forever.

This at least needed to be said: Life is a momentous experiment; it is a battle between the angel and the brute.

Lord what is man whose thought at times up to thy seven-fold brightness climbs, while still his grosser instinct clings to earth like other creeping things. The angel is conquering or the brute. The tides of light are coming in or the tides of darkness—there is no standing still. Dinner is announced. What says the animal? Bread and meat, underdone chops and strong drink, and plenty of it. What says the angel? White napery, silver, cut glass, flowers, pleasant conversation, prayer and thankfulness! Thank God we have redeemed the dinner. The angel sings, or in the souls of women, has transformed it into a poem; something you can offer a friend as you would a bunch of roses empearled with morning dew.

There is another table—our social life. The brute says: Saloons, billiards, tennis, lunches, cards, theaters, recreation, success, ambition, pleasure, pleasure, pleasure!

The angel says: Books, music, friendship, charity, home, aspiration, inspiration, prayer—duty, duty, duty! Which is conquering? Upon the answer depends worldliness or unworldliness. We cannot escape from the world, but we must conquer it or it will conquer us. And often we go up or down unconsciously. It depends on which gets the most food, the angel or the brute. Tragedies, social or personal are not born in a moment. Life grows by law and not by chance. Feed the brute and one day the crash comes. Saul, standing beneath the pomegranates of Migron, the conqueror of Amalek, was every inch a king. One day there is no longer a man climbing the hills of God, but a haggard shame-stricken wretch slinking into the foul recesses of a witch's den. Saul, the majestic, fed the brute, and behold—a grinning skull in the temple of David, a risen suit of armor in the shrine of Ashtoreth, a headless skeleton upon the wall of Beth-shan! Will it be different with us? Let us feed the brute instead of the angel, and one day it may be not merely an earnest warning of some watchful pastor, but a bitter unchangeable verdict: Behold the brutishness of impurity and drink, the barren idleness of contented worldliness, the withering blight of malice and all uncharitableness!

Do we deserve this verdict now? I do not and cannot believe it. But why go toward the danger line at all? Friends and neighbors, brethren, let's climb the hills of God and let who will tarry with the ass below.

TUESDAY, JUNE 11, 1901.

TODAY IN HISTORY.

June 11 is celebrated in honor of St. Anthony of Padua, patron of animals. He is a saint of much celebrity, and in Italy is venerated above all other saints. He was so eloquent, so runs the legend, that when preaching near the water fishes lifted up their heads and listened to his words. He was the patron saint of Louis Hennepin, who named the falls at Minneapolis in his honor.

A DAILY THOUGHT.

To think seldom of your enemies, often of your friends and every day of Christ.

The Cubans are learning that a stitch in time saves nine.

If Mr. W. J. Bryan would contemplate the sad results of the effects of the fight he has made in his own behalf he would probably not be so eager to fight other people's battles for them.

Marshall Oakes, at Metropolis, is on the road to recovery. The next man who shoots him had better be a sharp shooter and have a long distance rapid-fire Maxim gun, with plenty of ammunition.

The number of business failures in May show that the prosperity of the country is on a solid basis. Dun's Agency reports that the failures in the country in May was 873, as compared with 947 in May last year. With the exception of 1899 the liabilities last month were the smallest ever known.

This is getting to be a country of expositions. The Buffalo exposition is now in full bloom and at its conclusion in the fall, the big exposition at Charleston, S. C., will open and last throughout the winter and spring. It promises to be a large affair, but the largest of them all will be the world's fair in St. Louis in 1903—that is, if they succeed in deciding on a site for it.

The council's notice to the contractors of holes in the brick street seem to have had little effect. Perhaps the contractors deny the allegations that there are any holes, expecting the street committee to go down some rainy day to point them out and incidentally fall in. This would have a two-fold good effect. Fill up the holes and at the same time open the way for a few new councilmen.

The anti-canteen law must go, if indications are to be taken as a criterion. The Association of Military Surgeons, who ought to know the effect of the canteen on the soldiers and should be in favor of temperance among them if any ought, have adopted a resolution in favor of the repeal of the law, and asked each member of the association to use his influence to have the law repealed when congress meets next. The weight of the best opinion of the country is rapidly drifting towards a renunciation of the well meaning but mistaken idea of abolishing the canteen, as everything goes to show that the soldier is worse off now than then and that temperance is farther away than ever.

The foolish superstition—for that is all it is—about an unwritten law against any man serving a third term as president, is rapidly losing ground, and the other day Congressman Groves made significantly: "There has been no time in our history when conditions would justify the election of a president to a third term as in the case of McKinley. McKinley is personally the most popular president we have had in a long time, and he has

certainly most creditably performed the duties of his high office. I think it is time furthermore, to demolish the fiction that there is an unwritten law, established by Washington, that no president of the United States may accept a third term. The facts are, as any student of the times may discover, that it was fear of defeat which impelled Washington to decline a third nomination. Being a Federalist he was the object of very violent attacks on the part of the Democrats of his day, and recognizing the growing strength of his opponents he doubted as I believe, his ability to again secure an election if he should run."

It would make no difference what President Washington's reasons may have been in regard to a third term, there is no reason why presidents should regard it as divine law, and shrink from serving the people again—or as many times as they are called, after serving two terms. There is no law, written or unwritten, imposing on a president an observance of the foolish and unreasonable necessity of bowing to a mere superstition. As Congressman Groves declared, it is time to banish the third term fiction and to show the world that the people of the United States will elect a man to the highest office in the land as often as he is entitled to it and is their choice.

The announcement that the government will resist the proposition of the Spanish claims commission to consider the question of responsibility the Maine disaster will meet with general favor. A number of claims before the commission are based on the responsibility, but the commission, it is claimed, has no authority to go into the question, which was effectually and finally settled in Article 7 of the treaty of peace with Spain, which declares: "All claims for indemnity, national and individual, of every kind, of either government, citizens or subjects, against the government are relinquished." As a result of the attitude of the attorney general on the subject, it is said that a majority of the claims commission will now decline to take up the Maine disaster question.

CITY MATTERS

Called Meeting of the Council Held Last Night at the City Hall.

SOME NEW ORDINANCES

Complaint of the Failure of the City Physician to Visit the City Hospital as Often as Required.

OTHER MATTERS WERE CONSIDERED

Councilmen Jackson and Hymareh were the only members absent last night when the council was called to order by Mayor Lang.

The most and most important ordinance was given final passage without objection.

An ordinance authorizing the condemnation of a strip of ground for opening Eighth street from Trimble to Campbell across the Illinois Central tracks was passed. It was deemed necessary as all efforts to get the property at an equitable figure have failed.

An ordinance was introduced defining the office hours for the city engineer, requiring him to be in his office at the city hall from 10:30 until noon every day, and further requiring him each month to render to the council a statement of the amounts collected for private work. If he is not in his office during office hours the mayor is empowered to place some competent person therein, and to pay him out of the engineer's salary. The ordinance was given final passage.

The \$790 due in the Linn White case was allowed by the council.

The petition to the council asking that the office of boiler inspector be created was read. Councilman Weille objected to adding another office to the city, especially when it was unnecessary. He said that most of the boilers in the city were insured in companies that have a capable inspector and who makes regular inspections. Mayor Lang explained that the new officer would receive no salary, but would get perquisites. Councilman Weille then withdrew his objection and the ordinance committee was instructed to draft the ordinance, which, if not satisfactory when presented, will be "killed."

The appointment of ex-Mayor Yeiser by Mayor Lang to represent the city as appraiser of some property running through the hollow near the proposed improvement from Jackson to Caldwell streets on Twelfth, was ratified by the council.

The question of allowing Contractor Ed Terrell his estimate on 85 feet of ground on North Eighth street, on which there are street improvements, was referred to City Attorney Lightfoot. It seems that since the street was graded and gravelled it has been learned that 85 feet referred to were never dedicated to the city for street purposes, and the owners, the Palmer heirs, declined to pay the contractor.

The matter of placing some sewer pipe from Ohio to Jackson streets in boxing was referred to the sewerage committee with power to act.

The Water Company was requested to extend its mains from Husbands to Rockmon streets on South Eighth.

The matter of the failure of City Physician Sanders to visit the city hospital as required by the ordinance, once a day, was brought up and a complaint filed from various inmates of the hospital. The matter was referred to the hospital committee.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
